NO REASON FOR IT.

When Williamsburg Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Williamsburg citizen says: James A. Banks, Main st., Williamsburg, Va., says: "I began using Doan's Kidney Pills some time ago and the results were highly satisfactory. I was troubled for a long while by pains across the small of my back, at times descending into my limbs. I also endured a great deal of misery from rheumatism and my kidneys did not perform their functions properly. I finally procured a box of Doan's Kidney Pills and since using them I have felt a great deal better. I am only too glad to give my name as an endorser of Doan's Kidney Pills, as I know them to be a reliable remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York. Sole agents for the United States.

Remember the name—Doan's—and take no other.

Service of Institution.

One of the most beautiful and interesting services seen here recently will take place in Bruton Parish church Sunday morning next when the Rev. E. Ruffin Jones will be instituted as minister. The office of the institution of a minister into a parish is one of the most solemn and impressive services of the church.

Bishop A. M. Randolph will have charge of the service and will preach the sermon after the ceremony of institution. Bishop Funsten will probably be present and participate in the ceremonies. The public is cordially invited to be present. There will be special music for this occasion.

Mr. Trent Has Good Place.

Mr. H. H. Trent, who for several years held an important position at the Williamsburg Knitting Mill, is now superintendent of the Northside Knitting Mill, Norfolk. Mr. Trent writes that if there are any girls formerly employed in the Williamsburg mill who are out of employment, he can find something for them to do if they will write to him. Address him as above and he will get the letter.

E. C. A. Meets.

The November program meeting of the E. C. A. was held Tuesday afternoon when the largest room of Nicholson school was filled with an interested audience. The subject subject under discussion was "Boys" and although none of the younger generation were present to speak for themselves they were well represented by those of a large growth who had not forgotten their nature and needs.

In Dr. Bennett's suggestive paper on "How to Develop Community Interest in the Boy," he maintained in the first place that if the boy occupied, in the minds of his elders, his natural position as a most important part of the community, soon to be its influential leader, his interest in his community like that of the Spartan boy of old would need no special awakening but would develop naturally and sensibly. Mr. Ferguson gave an interesting account of the growth and importance of the Democratic Boy's Club which replaces the old "gang" with its automatic leader, and he demonstrated the value of a properly conducted club of the boys, for the boys and by the boys as a foundation for the duties of citizenship.

Dr. Wilson's delightful discussion of the question as to "What the Community has a Right to Expect of the Individual" was cut short by the lateness of the hour and as his hearers were anxious to hear his presentation of the subject in its entirety he was asked to appear again at the December meeting.

The Ladies' Social Club will meet at the home of Mrs. C. A. Rhames November 9, at 10:30 a. m.

Library to Open Saturday.

The Free Public Library will be opened in the Peachy Block on Saturday afternoon, Nov. 5th, at 3 o'clock. The E. C. A. has purchased the private library at Carter's Grove, thus adding over 250 volumes of the best classical and modern fiction as well as valuable histories, poetical works, essays and books of travel. Among the histories may be mentioned Froude's, Macaulay's and Buckle's Histories of England, Mortey's Dutch Republic and Gibbon's Rome. A new traveling library of 50 volumes has arrived, so that over three hundred new titles are ready for lending. As the reading room was not used last spring except by the younger children who enjoyed the pictorial magazines, it has been decided to make the experiment of permitting quiet table games, and the library board would like donations of any suitable games or picture puzzles. There is also need of chairs and small tables. The books of the library are absolutely free to any responsible person and it is hoped that the public will consider the library theirs to be personally enjoyed, cared for and added to.
